MySQL	MongoDB
RDS	Redis

### SOFT SKILLS

Public Speaking  
Leadership and Team management  
Teamwork and collaboration  
Creativity and problem solving

### INTERESTS

Cloud Computing  
Containerization  
Kubernetes  
Infrastructure as Code  
Configuration as Code  
Build automation  
Tech blogging

### WORK EXPERIENCE

#### ENACTOR LTD / Feb 2020 - Present

##### ASSOCIATE TEAM LEAD / May 2022 - Present

Leading a team of 4 that contributes to the deployment and scalability aspects of the product. In charge of architecting and writing design documents for new product features. Helps to manage customer deployments on AWS and Azure.

##### SENIOR SOFTWARE ENGINEER / Oct 2021 - May 2022

I was one of the key developers of one of our products that we use to manage customer deployments on AWS and Azure. I contributed to the designing and development of the product from its inception.

##### DEVOPS ENGINEER / Feb 2020 - Oct 2021

Help troubleshoot internal and customer deployments. Implement automation pipelines on Jenkins. Develop utility scripts that we use for automating daily tasks.

#### ZEPTOLYTICS LTD / June 2018 - Dec 2018

##### TRAINEE SOFTWARE ENGINEER

Developed a Redis caching solution to improve data querying time and reduce load on the primary database. Developed a mobile client for the company product's web app. Delivered several tech talks on technologies I worked on.
